

QUADRA

A complete, all-round system. Quadra profiles can house one or two panes of glass, as well as wooden panels, to provide a wide range of options for decorating the architecture.

Type

Partition wall, Sliding, Hinged without basic door frame, Flush hinged, Pocket door, Hinged door and frame

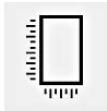

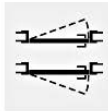

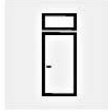

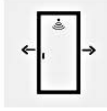

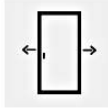

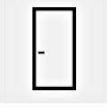

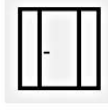

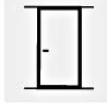

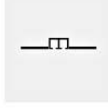

Designed By

CRS ALBED

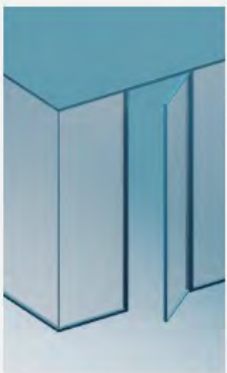

The Quadra system is one of the most complete and versatile systems offered by Albed. It has a "T" profile, with an extremely small visible section and comes in versions for single or double glazing, as well as for honeycomb panels. Its strictly clean aesthetics and unlimited personalization options make the Quadra system suitable for any design need, in both residential and commercial settings.
