

PERISTYLO SHELF

BY OSCAR TUSQUETS

Informed by his 1994 Columnata design, Oscar Tusquets brings us the Peristylo shelf.

There is elegance and versatility that comes from a simple shelving system. Tusquets' Peristylo units are simple. There is also history in a column. It has those too.

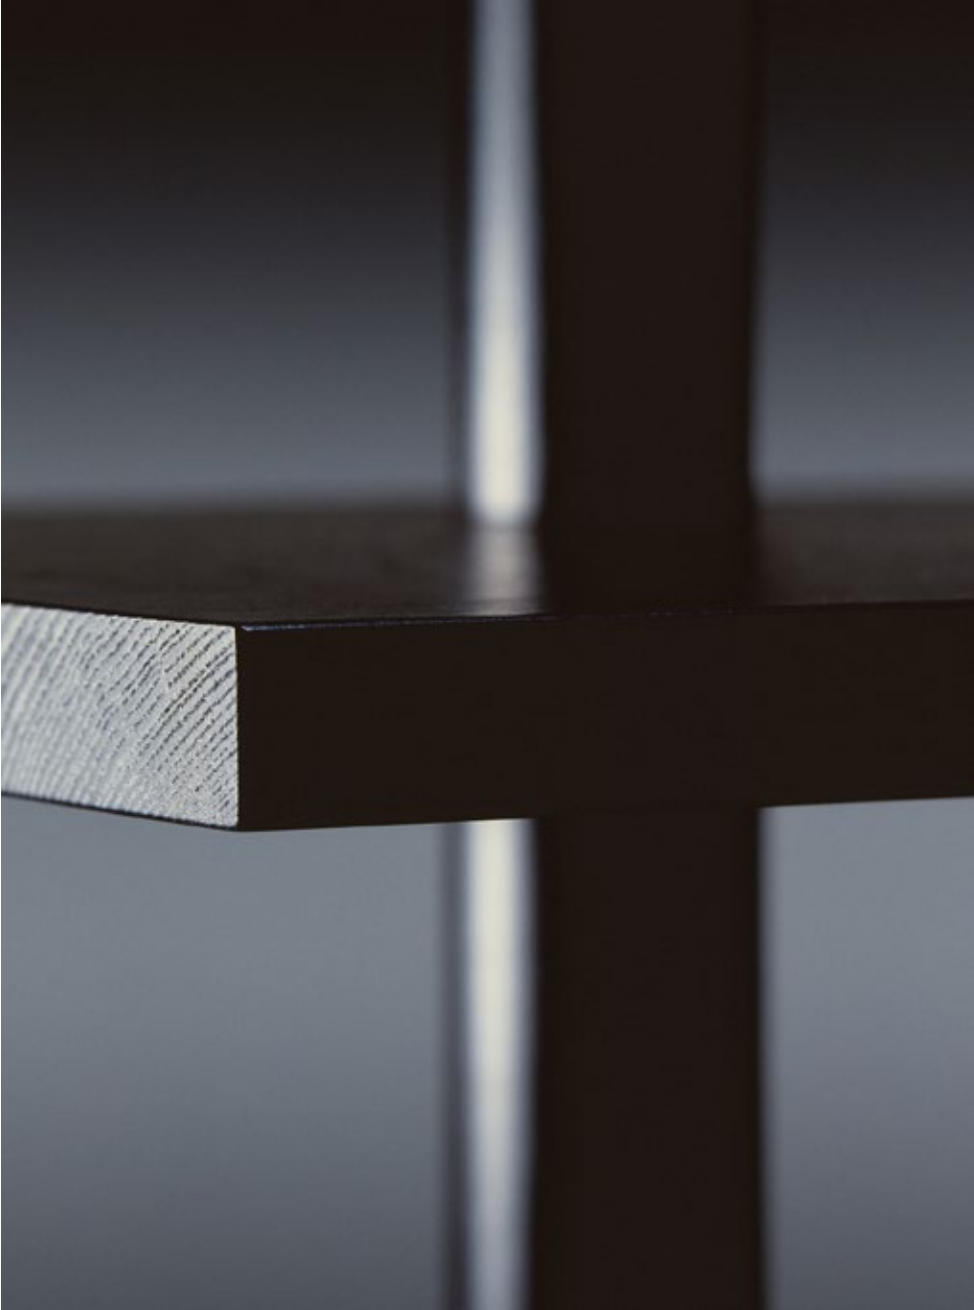

With an awareness of functionality and a passion for architectural history, Tusquets created a structure both efficient and sculptural.

'Peristylo' derives from the Greek Peristyle, a structure surrounded by columns. Columns encase Tusquets' own home. They return again in the Peristylo, encasing the horizontal planks and running upwards into Doric capitals.

This sculptural shelf generates a compositional and symbolic harmony. The Peristylo is imbedded both in the far away past and in Tusquets' personal history.

FINISHES

Dense columns can meet a stable baseboard and pass through shelves. Available in four sizes with or without a base, the shelf is modular and can be free-standing, wall-hung, or organised in various combinations. Two types of baseboard are available. Shelves in FSC-certified ash and turned vertical supports in stained black wood.

SIZE

With baseboard
92 x 40 x 218 cm
36,2 x 15,7 x 85,8 inch

Without baseboard
92 x 40 x 211 cm
36,2 x 15,7 x 83 inch

COLORS

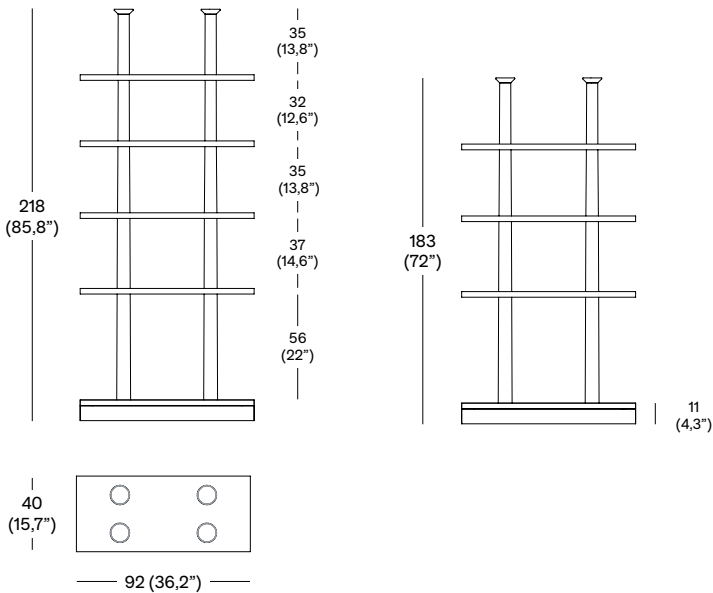

Ash stained black.
