### GIORGIO BAGNARA, FOUNDER AND CEO OF GIOBAGNARA

Born into a family renowned for cultivating the Art of Fine Living for three generations, Giorgio Bagnara became passionate about his calling at a very early age. At the end of the 1990s, after noticing that leather utilized in the fashion industry was not considered a suitable material for home accessories, he founded GIOBAGNARA with the goal of applying leather to a homewares collection. Together with his wife, Vanessa, he decided to move his design studio and workshops to the old docks in the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

### GIOBAGNARA

Renowned for its elegant creations that convey luxury without ostentation, GIOBAGNARA adheres to the highest standards of craftsmanship. By pursuing a philosophy that incorporates traditional know-how with leading-edge technologies, and offering a limitless color palette of quality leathers and suede, founder Giorgio Bagnara has been able to experiment and push the technical boundaries of his craft in order to create pieces that are both beautiful and functional.

Launched in 1999, the GIOBAGNARA brand has quickly earned a reputation for expert leather workmanship, and its founder has become a key partner for a large number of interior designers as well as a select group of yacht and private jet designers who rely on his specialized knowledge to realize made-to-measure commissions.

In 2015, Giorgio Bagnara expanded his leather goods portfolio with the acquisition of saddle leather specialist RABITII1969.

In 2017, Bagnara initiated a collaboration with French designer Stéphane Parmentier, who was appointed creative director of GIOBAGNARA and its affiliate brands.

In 2018, the company's portfolio grew with the strategic acquisition of PIGMENT FRANCE, a respected company with specialized skills in leather covering and the weaving of wicker, rattan and straw.

Today, two decades after its launch, GIOBAGNARA counts more than 100 employees.

The brand now boasts an impressive offer of quality leather homewares and is ready to embark on its next exciting chapter.

### THE DYNAMICS OF A DUO

A real laboratory for ideas, Giorgio Bagnara coordinates production in the Manufactura's workshops. He carries out projects and handles private orders, working at the very core of production and enriching his repertory of forms each day, being involved in all stages of creation. His wife Vanessa harmonizes the collections, cultivating elegance and contributing her chic feminine vision to the creation of trendy accessories. Together, with natural complicity and meticulous care, they plan and select what will become the collections of tomorrow. They combine expertise and intuition to be fully attentive to their clients' needs.

## GIOBAGNARA AND STÉPHANE PARMENTIER

Stéphane Parmentier first met Giorgio Bagnara a few years ago in the aisles of a professional trade show. Enamored of the beauty and the quality of the leathers used, not to mention the meticulous attention to detail evident in each piece, he regularly contacted GIOBAGNARA to realize the custom-made home furnishings in leather or suede that he designed for private clients.

Very soon, the two built a rapport based on a shared sense of rigor, a quest for excellence down to the smallest detail and a taste for modern elegance expressed through sleek design, beautiful materials — and a mutual taste for audacity.

In 2017, their animated creative dialogue and a shared ambition to bring a new perspective to the market naturally led Giorgio Bagnara to entrust Stéphane Parmentier with the artistic direction of GIOBAGNARA. Since the beginning of this collaboration, Stéphane Parmentier has designed a wide number of new creations for the brand, from boxes, cases, desktop objects, storage units, change trays, trays, candle holders and vases to furniture and leather — or suede — trimmed lamps in a wide array of colours.

In blending tradition, aesthetic heritage and modernity, Stéphane Parmentier brings a graphic and sensual sensibility to a typically Italian art of living of which he is particularly fond.

GIORGIO BAGNARA,  
FOUNDER AND CEO  
OF GIOBAGNARA

Born into a family renowned for cultivating for three generations the art of living, Giorgio Bagnara became passionate about his calling at a very early age. In the late Nineties, after noticing that leather from the fashion industry was not considered enough as material for home accessories, he founded GIOBAGNARA with the goal of applying it to a complete collection. Along with his wife, Vanessa, he decided to move his design studios and workshops in the old docks of the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

#### GIOBAGNARA

A brand that is distinctive for elegantly designed creations that express luxury without ostentation, available in an uncommon and virtually limitless colour palette of leathers and suede, and crafted to the highest standards using both traditional know-how and leading-edge technology. This approach to tradition and modernity led Giorgio Bagnara to experiment: he constantly pushes technical limits in his quest for objects that are both beautiful and relevant, and in doing so relies on the skills of the company's craftspeople. Very quickly, GIOBAGNARA became renowned for its expertise, and its founder became a partner of choice for a large number of interior decorators and yacht and jet designers who called upon his know-how for special commissions. In 2015, Giorgio Bagnara expanded its leather portfolio with the acquisition of the saddle leather specialist Rabitti 1969. Today, nearly two decades after its founding, GIOBAGNARA has one of the most comprehensive offers of leather home accessories on the market and is preparing to open a fresh chapter in its history.

STÉPHANE PARMENTIER  
CREATIVE DIRECTOR  
OF GIOBAGNARA

The interior architect and designer Stéphane Parmentier began his career working for Karl Lagerfeld before deciding to devote himself to architecture full-time in 2002. Since then, he has created and developed numerous projects for an international clientele attuned to his style of luxurious simplicity. The homes and objects he designs reveal a vision that is deeply anchored in a modern everyday lifestyle. Inspired by classical Greco-Roman antiquity, the beauty of the Puglian landscape, the restraint of the Japanese aesthetic, and a desire to focus on the essential, he cultivates elegant asceticism by associating noble materials with subtly graphic lines.

### GLENN SESTIG

Glenn Sestig, born in 1968 in Ghent, Belgium, graduated from the Henri Van De Velde institute in Antwerp and in 1999 established a practice together with painter Bvardk. From the outset, their work focused on extreme precision, on a construction with such mastery of the architectural line, proportions and perspective that it is easy to forget the careful consideration that will have gone into their design and creation.

In addition to the material and its interpretation, transparency and the play of reflection suggest, rather than illustrate, the endeavors that have resulted in the real grandeur of some projects, primarily places for public use. Glenn Sestig Architects is synonymous with contemporary chic. His work can be seen as unrelentingly urban and contemporary - materials are exclusive and its combinations are renewing and unique.

To give his work coherence, the architect uses his own method of calculation, a sort of mental model from which flow the intelligence, equilibrium and soul of a place. Each completed work is considered as a minor work of art wherein art and fashion are essential sources of inspiration. The architecture is no longer a movement in time but becomes a declaration of a global luxurious lifestyle.

With regular publications in renowned magazines and recognition in global architectural awards, Glenn Sestig has earned his place as one of the most noticeable architects out there.

Early commissions included shops, nightclubs and penthouses in Ghent, Antwerp and Brussels, but over the last couple of years the projects grew in size ranging from villas to hotels. Thanks to some magnificent projects with great exposure Glenn Sestig received international recognition with projects from Los Angeles to Tokyo.

### FRANCESCO BALZANO

Francesco Balzano was born and grew up in Paris, yet his visual culture is imprinted with the images of Venice, Florence, Rome and Capri – where he used to spend his summer holidays. He studied interior design and architecture, and then joined the famed studio of Joseph Dirand, working on prestigious projects. In 2018, he opened his own studio and started designing custom and limited editions of furniture pieces for art and design galleries all over the world, whilst continuing his work as interior architect for private clients.

Simplicity as a means to ultimate sophistication. The unparalleled mix of noble materials, pure lines and essential functions of everyday lifestyle. The singularity of each design conceived as a sort of monolithic, sculptural piece that stands the test of time. "My work is architectural and authentic; – says Francesco – it is a permanent tribute to the beauty of timeless things".

**OSSICLE  
COLLECTION**

Ossicle is a collection that comprises monolithic seats, benches and tables crafted with a carefully selected range of leather and marble colors and finishes.

Their monumental volumes originate from both primal monolithic and contemporary minimal features entwined, while the lines are a reference to the 'Jeu des Osselets', which has roots dating back to ancient Greece and Rome, reinterpreting it according to a modern visual and a sharp humour, creating the perfect balance between organic and pure geometric shapes.

## CUSTOMIZATION

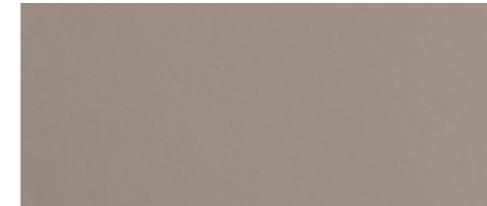

It is possible to provide products with an even more exclusive feeling requesting a debossed customization. Choose the stamps' sizes and to either apply or not a foil. Debossing foils feature a wide number of colors; the selection plays on endless associations and includes metallic finishes.

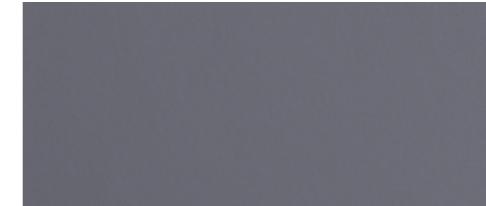

## TECNOCUOIO®

Trademarked by the company in 1996, this innovative material is composed of 65% genuine leather castoffs tanned with vegetal extracts, 18% natural latex (extract from the rubber tree), 10% water, 5% natural fats and 2% natural coloring agents and salts. Rudi utilizes a production technique that adheres to a zero-waste philosophy that is eco-friendly and functional.

The result is a high quality regenerated leather boasting elasticity that is both UV-resistant and water-resistant and which features a perfectly smooth surface.

cherry

Soft, shiny and elegant, this leather boasts a timelessly classic yet modern charm. It is slightly resistant to water and scratches.

Leather is the key material to the collection.  
The most precious skins are selected from the best Italian tanneries to guarantee the quality of the finished product.
